103rd-YEAR FOUNDERS' DAY CONVOCATION

The North Carolina Agricultural and Technical State University has occupied a unique role in efforts to provide higher education for citizens of the state since 1891. The college operated as an annex to Shaw University in Raleigh until it moved to Greensboro in 1893 after that city donated \$11,000 in cash and 14 acres of land for a campus. A&T today is the largest historically black university in the state and the sixth largest in the nation.

Miss Jackson State University

MALETHA L. DIXON

Maletha L. Dixon, the 1994 Miss Collegiate African-American Pageant (MCAAP) winner, representing Jackson State University, Jackson MS, was crowned queen on June 18, 1994. The crowning took place during Pro-Line hair product's Miss Collegiate African-American Pageant, a two-hour televised presentation, hosted by celebrity stars Robert Guillaume and Ella Joyce. The program was recorded at Walt Disney MGM Studios, Orlando, FL and aired nationally August 19th-September 25th.

Described as intelligent, beautiful and independent, Ms. Dixon, present queen and graduate of Jackson State University, is currently working as an accountant in Kansas City, MO. She plans to become a certified public accountant after she takes the exam in November.

While at Jackson State University, her academic achievements and college participation were outstanding. She received a full academic scholarship and was a Charles F. Moore Scholar which awarded her an additional \$1,000 per year stipend for high academic honors. She was on the National Dean's List, listed in the Who's Who in American Colleges and Universities, chair of the Student Advisory Council, member of Accounting Society and member of Alpha Kappa Alpha Sorority.

"I was driven by basic principles of faith in God, belief in myself and determination," said Ms. Dixon. My message to people, particularly the young, is for them to grasp their own basic principles and live by them. By doing so, people can accomplish anything without limitations," she added.

Born in Jackson, MS, 21 years ago, Ms. Dixon attributes her overall success to God, her mother Brenda and supportive family members.

"I Have A Dream"

Two score years ago, a great American, in whose symbolic shadow we stand, signed the Emancipation Proclamation. This momentous decree came as a great beacon light of hope to millions of negro slaves who had been seared in the flames of withering injustice. It came as a joyous daybreak to end the long night of captivity.

But one hundred years later, we must face the tragic fact that the negro is still not free.

It is obvious today that America has defaulted on this promissory note in so far as her citizens of color are concerned. Instead of honoring this sacred obligation, America has given the negro people a bad check, a check which has come back marked "Insufficient funds." But we refuse to believe that there are insufficient funds in the great vaults of opportunity of this nation. So we have come to cash this check — a check that will give us upon demand the riches of freedom and the security of justice.

I say to you today, my friends, that in spite of the difficulties and frustrations of the moment I still have a dream. It is a dream deeply rooted in the American dream.

I have a dream that one day this nation will rise up and live out the true meaning of its creed: "We hold these truths to be self-evident. That all men are created equal."

I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but the content of their character.

I have a dream today.

I have a dream that one day the state of Alabama, whose Governor's lips are presently dripping with the words of interposition and nullification, will be transformed into a situation where little black boys and girls will be able to join hands with little white boys and girls and walk together as sisters and brothers.

I have a dream.

I have a dream that one day every valley shall be exalted, every hill and mountain shall be made low, the rough places will be made plain, and the crooked places will be made straight, and the glory of the Lord shall be revealed, and all flesh shall see it together.

With this faith we will be able to work together, to pray together, to struggle together, to go to jail together, to stand up for freedom together, knowing that we will be free one day.

And if America is to be a great nation this must become true. So let freedom ring from the prodigious hilltops of New Hampshire. Let freedom ring from the mighty mountains of New York. Let freedom ring from the heightening alleghenies of Pennsylvania.

Let freedom ring from the curvaceous peaks of California!

Let freedom ring from the snowcapped Rockies of Colorado!

But not only that, let freedom ring from Stone Mountain of Georgia! Let freedom ring from Lookout Mountain of Tennessee! Let freedom ring from every hill and molehill of Mississippi. From every mountainside, let freedom ring.

When we let freedom ring, when we let it ring from every village and every hamlet, from every state and every city, we will be able to speed up that day when all of God's children, black and white men, Jews and gentiles, Protestants and Catholics, will be able to join hands and sing in the words of the old negro spiritual "Free at last! Free at last! Thank God almighty, we are free at last!"

The smiles on the faces of these young women are a reflection of happy times at HOME. (A&T)

North Carolina A&T State University students enjoy spending time with their fellow Aggies. Student life is a highlighted aspect of campus activity. With that kind of emphasis students are able to appreciate different backgrounds.

The fun, loving, happy smiling faces of the students as they take part in the experience of being at **NO PLACE LIKE HOME**, is what Aggeland is all about.

Whether it is a nice afternoon of sitting outside under a tree or enjoying a evening of good company, students are able to find it all at A&T. Being able to relax and make themselves feel at **HOME** is what A&T students like to do.

Students also take time out to do what they came to A&T to achieve — an education. Smiling faces are not a rare sight on the campus of A&T. The entire student body along with the faculty are striving towards making A&T . . . **NO PLACE LIKE HOME**.

ELEGANCE AT ITS BEST —

Young, beautiful, intelligent and outgoing women are in existence at A&T. The young women of A&T strive for perfection as they make Aggieland their HOME. The campus has a large population of these women walking around.

We have the power.

A&T WOMEN

ON THE MOVE

BROTHERHOOD ON A HIGHER LEVEL —

Who said a good man is hard to find? They must not have seen the men at A&T. The male population may be small but powerful. The strength is in the voice. A&T produces top quality young men who will make some lucky women very happy.

(Clockwise) Yo' you wanna ride my bike. How about these wheels? It is beyond a cool thang.

A&T's MEN

(Clockwise) Just a quick shot for the fellas in Scott. The epitome of cool. We are just too educated.

A&T is a place where boys become men. The time at a university with such a wide scope for growth is what allows the students to become some of the best that this generation has to offer. The women and the men of North Carolina A&T State University are the BEST.

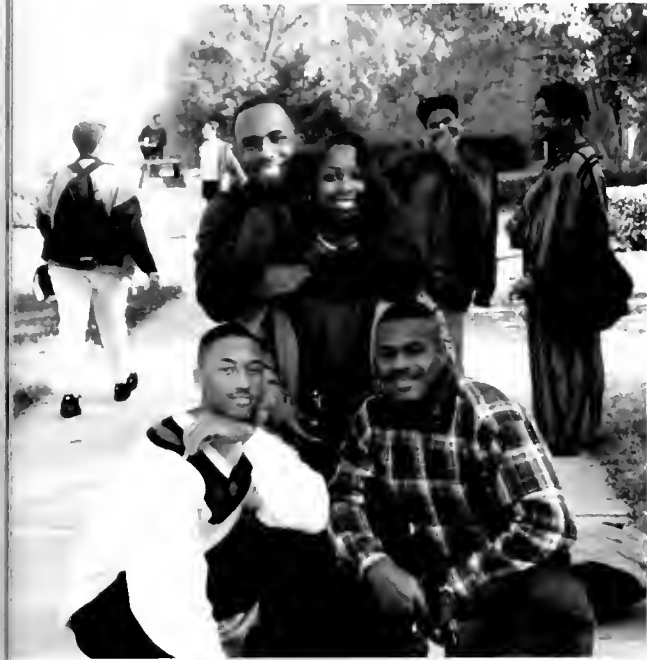

STUDENT LIFE

Strides towards success begins at A&T. But one should always take time out of their busy schedules to ... Chill!

Academics

ALGERIA

Education is officially compulsory for nine years between six and 15 years of age. Algeria's educational system has grown remarkably since 1962, in the last 12 years, attendance has doubled to more than 5 million students. In 1991 there were 10 universities and a number of 'centres universities' and technical colleges.

SLEEPOUT FOR THE HOMELESS

For the past four years, the Brothers of Phi Beta Sigma have been dedicated to the plight of the homeless. Since 1991, they have sponsored an annual sleepout on their plot on the coldest night of the year. This year, the event took place on February 22, 1995. They also challenged other Aggies to join them in helping to raise money for the homeless.

SLEEPOUT '95

One Sigma Man adds a touch of class to his "home".

Ron "Bugg" Harris is all dressed up for a cold winter night.

As always, behind every productive Black man stands supportive Black women, such as April Darty, Sarah Debnam, and the ladies of Zeta Phi Beta.

Miss Black North Carolina Omega Smith

MISS BLACK U.S.A. 1994-1995 DEYA MARSHEA SMITH

Deya Marshea Smith, a native of New Haven, Connecticut, won the coveted title of Miss Black U.S.A. 1994.

Deya, a 22 year old senior at Howard University, will graduate in Spring '95 from the School of Fine Arts. Deya is majoring in acting and hopes to own her own production and film company.

Prior to winning the National title of "Miss Black U.S.A.," Deya wooed the judges at her state pageant in Connecticut in which she proclaimed, "I am living proof that through God, all things are possible." Deya, who has chosen HIV/AIDS Education as her platform, hopes that she will make a difference.

Deya is actively involved in her church and Students for Christ Crusade on her campus. In January, she toured South Africa, courtesy of South African Airways, in hopes that she may be able to deliver hope to people of color through her own personal testimony.

Deya has been nationally featured in ESTEEM MAGAZINE, UNIQUE HAIR and BEAUTY, and will be featured this winter in SOPHISTICATES BLACK HAIR, BLACK HAIR TODAY, and BLACK-TRESS.

An aspiring actress and producer, Deya also won the pageant's Performing Arts Award.

MISS BLACK NORTH CAROLINA 1994-1995
OMEGA SMITH

Omega Smith, a 24 year old Whitakers, NC native, is an English/Media Journalism major. She will enter her senior year at North Carolina Central University.

Alpha Phi Alpha Fraternity, Inc., the first intercollegiate Greek letter fraternity established for Black college students, was organized at Cornell University, Ithaca, New York in 1906. The first unit of this national fraternity, organized by college men of Afro-American descent, was called Alpha Chapter. The seven visionary founders at Cornell, Henry Authur Callis, Charles Chapman, Eugene K. Jones, George Kelly, Nathaniel Murray, Robert Ogle and Vertner Tandy, labored in the year of severe economic struggle and racial conflict in the United States.

Beta Epsilon Chapter, the local satellite of Alpha, continues to keep ALPHA PHI ALPHA FIRST OF ALL BLACK GREEKS.
